

# Introduction to the 45<sup>th</sup> EWGLAM and 30<sup>th</sup> SRNWP Meetings

**Balázs Szintai**  
*C-SRNWP Manager*

**EWGLAM/SRNWP Meeting**  
**Reykjavík / Online**  
**25 September 2023**

## The programme

- Thanks a lot to Icelandic Met Office for hosting the Meeting!
- Hybrid meeting → BlueJeans and MS-Teams links sent by email last week to all participants
- Structure is similar to last year's Meeting
- Special subject this year: **Uncertainty of modelling components and their impact**
- National poster presentations Monday afternoon
- 10 minutes discussions after each thematic session
- Ice-breaker on Monday, Excursion and dinner on Wednesday

## **Presentations – Hybrid meeting**

- **Presentation material: please upload on the google drive (written in email) before your presentation**
- **Online audience: Please switch off your camera and microphone during the talks!**
- **Two chairs for each session**
- **Please indicate in the chat if you would like to ask a question, then the online co-chair gives you the floor at the end of the presentation**
- **Slight priority will be given to on-site questions**
- **Different BlueJeans link each day for the plenaries**
- **Different MS-Teams link for each parallel session**
- **Presentations are recorded and will be available later on [srnwp.met.hu](https://srnwp.met.hu) → please indicate if you do not want your presentation to be recorded**
- **On-site chairs: please start/stop recording at the start/end of session**

## Participants

- **160 participants from 33 countries (75 in-person, 85 online)**
- **No representatives from 2 C-SRNWP Members (Cyprus, Luxemburg)**
- **Representatives of ECMWF (Aristofanis Tsiringakis, Jozef Vivoda)**
- **Representative of JMA (Kohei Aranami)**
- **Invited experts outside the SRNWP community:**
  - David John Gagne (NCAR)
  - Isla Finney (Lake Street Consulting Ltd)

## Parallel Sessions organized by C-SRNWP Expert Teams

- Surface Aspects: Wednesday morning
- Verification: Wednesday morning
- Data Assimilation: Wednesday morning (at the Icelandic Met Office)
- Predictability: Wednesday afternoon
- Upper-air Physics: Wednesday afternoon
  
- Please note the separate MS-Teams links for each parallel session
  
- Short report on the parallel sessions by ET Chairs on Thursday during the Closing Session
