Norrköping, Sweden: 22 – 25 September 2025

47th EWGLAM and 32nd SRNWP workshop

Navigating the Future of High-Resolution NWP:
Embracing AI, Sub-Kilometer Scales, and the Evolution of HPC

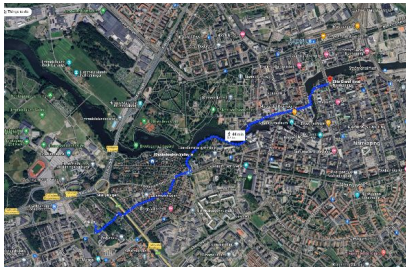
SMHI EUMETNET

Good ways to reach SMHI during the week

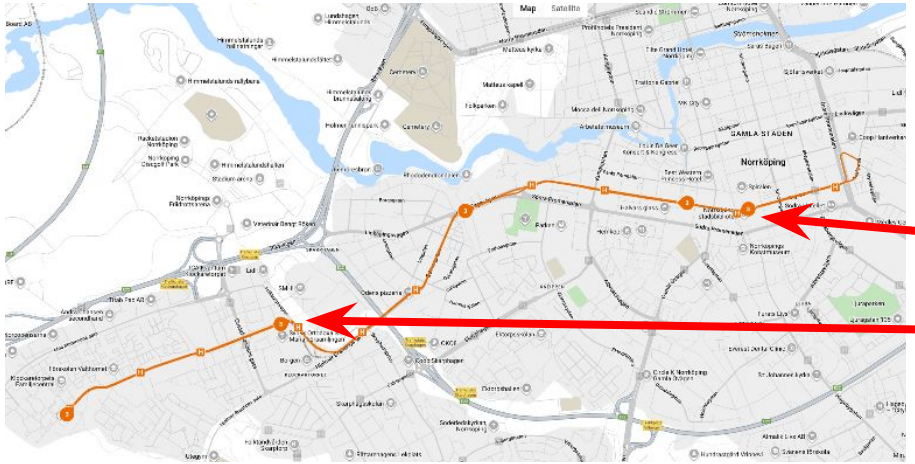
EUMETNET
EUROPEAN METEOROLOGICAL SERVICES NETWORK

By walk, some 40 min from town centre

[The walk along the river is recommended! (google map link here)]



Good ways to reach SMHI during the week



By tram/bus

Tram no 3 is currently operating between
Söder Tull (at the upper end of Drottninggatan) and
SMHI (tram stop Sandtorp)
but to reach e.g. the train station an additional bus is needed.
And furthermore, the bus/tram stop at the train station is not available this week (closest stop is Norr Tull).

Check Östgötatrafiken for details

Please upload presentation before your session starts

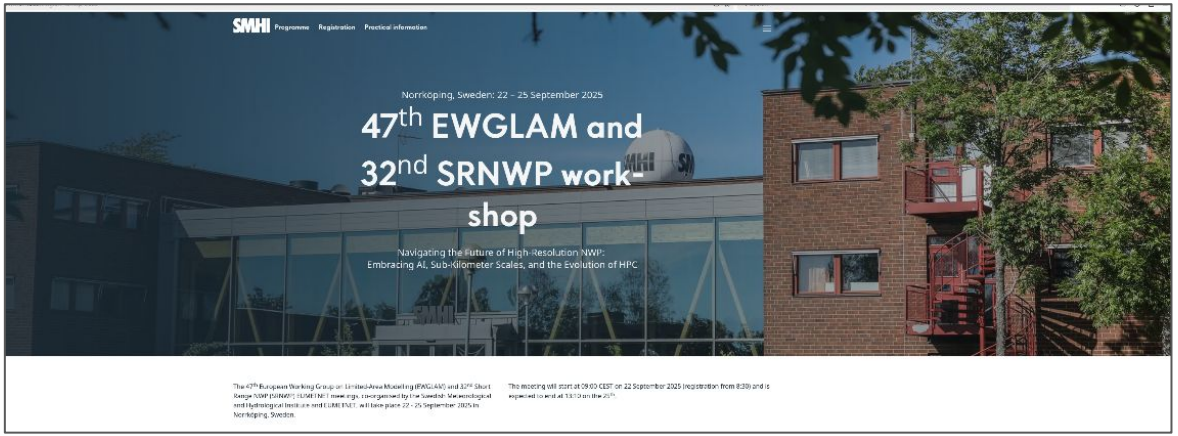
EUMETNET
EUROPEAN METEOROLOGICAL SERVICES NETWORK

Everyone who presents (on site at SMHI and remote) is kindly asked to upload their presentation as pdf file to our common google drive folder before the session starts. Please name your pdf file as e.g. Firstname_Lastname.pdf

You find the link to the common folder at the meeting web page under "Programme".

Look for "Upload your presentation before the meeting"

As a second alternative one can upload pdf from USB-stick to the computer at the front. But please, only if the first option does not work.



All presenters and chairs

Presenters, please make sure that you leave enough time for questions at the end of your time slot, at least a few minutes.

Remote chairs, good to let the presenter know if the chat includes more questions than we had time to hear during the session. If so, can we please ask presenters to connect to our Zoom system and respond to such questions… You find Zoom links via the meeting web site.

Remote participants

All remote friends, please remember to keep your microphone muted.

For questions after the presentations, please type your question in the chat. The remote chair will then decide whether he/she reads the question out loud or ask you to do so.

EUMETNET
EUROPEAN METEOROLOGICAL SERVICES NETWORK

Participants here in the room

Presenters here in the room, please come forward before your time slot starts since we need to arrange with the headset microphone.

Presenters here in the room, please use the laptop's mouse to guide the audience through your slides. Remote participants want see well if you point to the big screen ;-)

Audience here in the room, for questions after a presentation, please wait until you have the microphone in your hand before you ask the question.
